

What kind of PC should I buy?

DO NOT...

- ...buy a MAC
- ...buy a Chromebook
- ...buy software

DO...

- ...Upgrade the RAM (if you have extra money), minimum 8 GB but ideally 16GB
- Make sure you are getting an SSD, ideally M.2 SSD
- ...Upgrade the video card (if you're a gamer)
- Consider tradeoffs like: weight, durability, monitor size
